The name of Add and Remove Programs in Windows 8.1 is changed to Uninstall a program, and it is located in Control Panel. Its appearance is more friendly and it looks very much like the Control Panel in Windows 7. The Add and Remove Programs, as well as the system tray icons for most of the applications appear in the Start Screen. Get your favorite videos and photos from any local disk, no matter they are MP4, AVI, MPEG, VOB, FLV, MOV, WMV, MPG, M2TS or WMV, etc. You can even preview the movie before you download it to your Mac, but the current version of EaseUs Todo Backup cannot do this, so you need to use other backup software. To make a backup copy of any video file from your PC to your Mac, you can use EaseUS Todo Backup. In this
